

TOPCALF[®]

CALF HOUSING SOLUTIONS

Topcalf Trio Calf Hutch

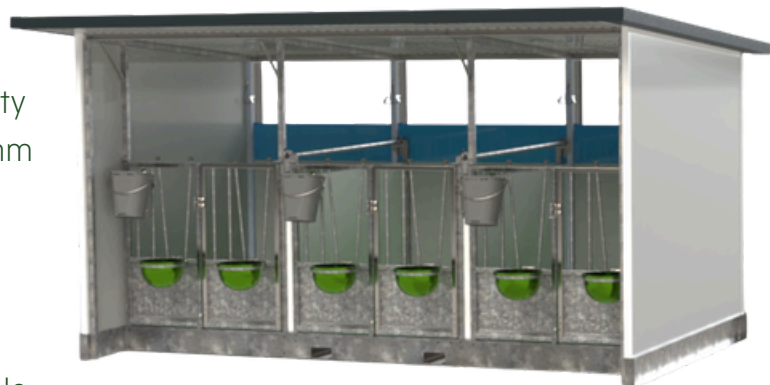

Available in XL and XXL versions, and with the EasyClean system.

The Topcalf Trio is a practical calf hutch designed to house three calves. Thanks to its robust construction and durable materials, the hutch provides a hygienic and comfortable living environment. The removable compartment dividers make it easy to switch between individual and group housing, while effective ventilation ensures a healthy climate inside the hutch.

Technical information:
